Summerhouses

- Kowhai Pohutukawa Nikau Rata Ti Rakau \$ _____

2. Add a treated timber floor kit

With an optional Pinehaven floor kit the shed can sit directly onto a level compact and free draining surface, ie. grass, pavers or deck. Alternatively you may choose to erect the shed on your own flooring system such as a concrete pad.

- No floor kit Treated timber floor kit \$ _____

3. Select colour of roof and windows

All Pinehaven models come with a colour "Karaka" "trimclad" profile steel roof. You may change to any colour on the current Steel & Tube "Endura" colour steel range. Upgrade to marine grade ColorMax is also an option.

- Standard 'Karaka' Other NZ Steel Endura Colour _____ \$ _____

4. Clear-lite roofing section

Swap 1 sheet of roof steel with 1 sheet of Acrylic roof sheet

- Add 1 sheet Add 2 sheets \$ _____

5. Select wall and roof building papers

Pinehaven shed wall panels do not have lining paper as standard. (Standard in the Pinehaven Studio and Summerhouse range)

- Leave as standard Add under-roof building paper (Standard in the Pinehaven Studio and Summerhouse range) Add fire rated building paper to walls (Standard in the Studio and Summerhouses) \$ _____

6. Select the door and locking handle

Please state the desired door position when placing your order. Pinehaven buildings come with a padbolt as standard. You may choose to upgrade to a locking handle.

- Standard Door 760mm Extra wide door - 900mm (can not be supplied on Chalet sheds)
 Locking Handle with 2 Keys Double doors - Supply the shed with double doors (can't be supplied on Chalet sheds) \$ _____

7. Select the aluminium window(s)

Selected models come with a window as standard. Tick the box if you want to change from standard.

- Leave as standard Delete window Change window from fixed to opening
 Add extra fixed window 600mm x 600mm Add extra opening window 600mm x 600mm \$ _____

8. Increase wall height

Pinehaven Gable roof sheds have a standard wall height of 1800mm. Studios and Summerhouses already come with an increased wall height of 1980mm. We do not recommend Lean-to heights be changed.

- Standard wall stud height - 1800mm high Increased wall stud height - 1980mm high \$ _____

9. Add a deck

- Deck along on front wall (with door) of shed summerhouse or studio Deck on gable end wall (with door) of shed summerhouse or studio

10. Add a verandah (Gable roof sheds, studios and summerhouses)

- Verandah along on front wall (with door) of a gable roof shed, summerhouse, or studio. If added to a gable roof shed then the wall stud height must increased from 1800mm to 1950mm high Verandah on gable end wall (with door repositioned) of shed summerhouse or studio \$ _____
